

WINMAN Poliüretan Hortumlar/ WINMAN Polyurethane Hoses

Teknik özellikleri/Technical Characteristics

- Flexible polyurethane material, which is reached the ROHS environmental protection requirements;
- High elasticity, the PU tube can through a tight space when the tube with a small bending;
- The knot: knot effects are better than other plastic pipes;
- Excellent plastic back: withstand repeated expansion;
- Breakage-proof: long life span, which is applica ble to the easy wear and tear environment;
- Low permeability of gas: decrease the permeability and pollution;
- Good resistance to dissolve: no solvent will be leaked out, the environment pollution won't be happened;
- Low compressibility: maintaining good physical properties;
- A wide range of resistance: chemicals, water, fuel, oil and bacteria with a certain resistance
